

Teach My Child

Lyrics: Neil J Flinders

**A child is a daughter, a child is a son
endowed with a mission that's yet to be done**

**A child is a person, just one of kind
with a heart and a curious mind**

Chorus

*My child is a soul of value and worth
from a heavenly family, now sent to earth*

*My child is a gift, a spirit free,
an innocent Soul, much more to be
Teach my child, teach her the truth
for each is so precious to me
each is so precious to me*

**A child needs a teacher right from the start
a loving friend in touch with the heart
They all need a teacher who gives them the choice
who teach with the light of the still small voice**

CHORUS

*My child is a soul of value and worth
from a heavenly family, now sent to earth*

*My child is a gift, a spirit free,
an innocent Soul, much more to be
Teach my child, teach him the truth
for each is so precious to me
each is so precious to me*

**Each child must reach out, must learn and explore
walking in light through life's open door
As courage they gain, at home and at play,
with peace in their hearts they'll teach others to say:**

CHORUS

*I am a soul of value and worth
from a heavenly family, now sent to earth*

*I am a gift, a spirit free,
an innocent Soul, much more to be
Teach me Father, to be like Thee
Teach me to be like Thee
Father to be like Thee*
