WESTERN CIVILIZATION “STANDS IN THE WAY”

“This broader use of the term culture falls under the umbrella of Western Civilization, which has come to be criticized as a **dead white man’s culture**. Western Civilization does not rate highly within contemporary ‘woke culture,’ or ‘cancel culture’ as it is often called. Advocates of ‘woke culture’ decry Western Civilization as the seedbed of **exploitive colonialism**, unapologetic **racism**, deep-seated **sexism**, **environmental degradation** and warmongering **nationalism**. These advocates seek to **overthrow** Western Civilization and everything attached to it. They argue that only by **escaping** from the suffocating oppression of the **past**, as represented by the norms of Western Civilization, can human society finally reach true peace, social harmony, and unrestrained individual fulfillment.

“... Ever since the social and cultural **revolutions** of the **1960s**, the progeny of those revolutionaries has wanted to **remake American society**. But to remake culture and society, the **old foundations** first have to be **wiped away**. And so Western Civilization has suffered not because of what it is, but because **it stands in the way of what cultural revolutionaries want to create in the future.**”
